(b) Italian assets in Roumania, Bulgaria and Hungary, subject to the exceptions specified in paragraph 6 of Article 79;

(c) Italian current industrial production, including production by extractive industries.

3. The quantities and types of goods to be delivered shall be the subject of agreements between the Governments of the Soviet Union and of Italy, and shall be selected and deliveries shall be scheduled in such a way as to avoid interference with the economic reconstruction of Italy and the imposition of additional liabilities on other Allied or Associated Powers. Agreements concluded under this paragraph shall be communicated to the Ambassadors in Rome of the Soviet Union, of the United Kingdom, of the United States of America, and of France.

4. The Soviet Union shall furnish to Italy on commercial terms the materials which are normally imported into Italy and which are needed for the production of these goods. Payments for these materials shall be made by deducting the value of the materials furnished from the value of the goods delivered to the Soviet Union.

5. The Four Ambassadors shall determine the value of the Italian assets to be transferred to the Soviet Union.

(c) All other categories of capital goods or services, excluding Italian assets which, under Article 79 of the present Treaty, are subject to the jurisdiction of the States mentioned in paragraph 1 above. Deliveries under this paragraph shall include either or both of the passenger vessels *Saturnia* and *Vulcania* if, after their value has been determined by the Four Ambassadors, they are claimed within 90 days by one of the States mentioned in paragraph 1 above. Such deliveries may also include seeds.

3. The quantities and types of goods and services to be delivered shall be the subject of agreements between the Governments entitled to receive reparation and the Italian Government, and shall be selected and deliveries shall be scheduled in such a way as to avoid interference with the economic reconstruction of Italy and the imposition of additional liabilities on other Allied or Associated Powers.

4. The States entitled to receive reparation from current industrial production shall furnish to Italy on commercial terms the materials which are normally imported into Italy and which are needed for the production of these goods. Payment for these materials shall be made by deducting the value of the materials furnished from the value of the goods delivered.

For the purpose of this Article, the Four Ambassadors will continue to act until the expiration of the period for reparation deliveries provided in paragraph 1 of part B.

(b) With a view to avoiding conflict or overlapping in the allocation of Italian production and resources among the several States entitled to reparation under part B of this Article, the Four Ambassadors shall be informed by any one of the Governments entitled to reparation under part B of this Article and by the Italian Government of the opening of negotiations for an agreement under paragraph 3 above and of the progress of such negotiations. In the event of any differences arising in the course of the negotiations the Four Ambassadors shall be competent to decide any point submitted to them by either Government or by any other Government entitled to reparation under part B of this Article.

(c) Agreements when concluded shall be communicated to the Four Ambassadors. The Four Ambassadors may recommend that an agreement which is not, or has ceased to be, in consonance with the objectives set out in paragraph 3 or subparagraph (b) above be appropriately modified.

C. Special provision for earlier deliveries

With respect to deliveries from current industrial production, as provided in part A, paragraph 2(c) and part B, paragraph 2(b), nothing in either part A or part B of this Article shall be deemed to prevent deliveries during the first two years, if such deliveries are made in accordance with agreements between the Government entitled to reparation and the Italian Government.

D. Reparation for other States

1. Claims of the other Allied and Associated Powers shall be satisfied out of the Italian assets subject to their respective jurisdictions under Article 79 of the present Treaty.

The claims of any State which is receiving territories under the present Treaty and which is not mentioned in part B of this Article shall also be satisfied by the transfer to the said State, without payment, of the industrial installations and equipment situated in the ceded territories and employed in the distribution of water, and the production and distribution of gas and electricity, owned by any Italian company whose *siège social* is in Italy or is transferred to Italy, as well as by the transfer of all other assets of such companies in ceded territories.

2. The obligation to make restitution applies to all identifiable property at present in Italy which was removed by force or duress by any of the Axis Powers from the territory of any of the United Nations, irrespective of any subsequent transactions by which the present holder of any such property has secured possession.

3. The Italian Government shall return the property referred to in this Article in good order and, in this connection, shall bear all costs in Italy relating to labour, materials and transport.
4. The Italian Government shall cooperate with the United Nations in, and shall provide at its own expense all necessary facilities for, the search for and restitution of property liable to restitution under this Article.
5. The Italian Government shall take the necessary measures to effect the return of property covered by this Article held in any third country by persons subject to Italian jurisdiction.
6. Claims for the restitution of property shall be presented to the Italian Government by the Government of the country from whose territory the property was removed, it being understood that rolling stock shall be regarded as having been removed from the territory to which it originally belonged. The period during which such claims may be presented shall be six months from the coming into force of the present Treaty.
7. The burden of identifying the property and of proving ownership shall rest on the claimant Government, and the burden of proving that the property was not removed by force or duress shall rest on the Italian Government.
8. The Italian Government shall restore to the Government of the United Nation concerned all monetary gold looted by or wrongfully removed to Italy or shall transfer to the Government of the United Nation concerned an amount of gold equal in weight and fineness to that looted or wrongfully removed. This obligation is recognised by the Italian Government to exist irrespective of any transfers or removals of gold from Italy to any other Axis Power or a neutral country.
9. If, in particular cases, it is impossible for Italy to make restitution of objects of artistic, historical or archaeological value, belonging to the cultural heritage of the United Nation from whose territory such objects were removed by force or duress by Italian forces, authorities or nationals, Italy shall transfer to the United Nation concerned objects of the same kind as, and of approximately equivalent value to, the objects removed, in so far as such objects are obtainable in Italy.

SECTION III

RENUNCIATION OF CLAIMS BY ITALY

Article 76

1. Italy waives all claims of any description against the Allied and Associated Powers on behalf of the Italian Government or Italian nationals arising directly out of the war or out of actions taken because of the existence of a state of war in Europe after 1 September 1939, whether or not the Allied or Associated Power was at war with Italy at the time, including the following:

- (a) Claims for losses or damages sustained as a consequence of acts of forces or authorities of Allied or Associated Powers;
- (b) Claims arising from the presence, operations, or actions of forces or authorities of Allied or Associated Powers in Italian territory;
- (c) Claims with respect to the decrees or orders of Prize Courts of Allied or Associated Powers, Italy agreeing to accept as valid and binding all decrees and orders of such Prize Courts on or after 1 September 1939 concerning Italian ships or Italian goods or the payment of costs;
- (d) Claims arising out of the exercise or purported exercise of belligerent rights.

2. The provisions of this Article shall bar, completely and finally, all claims of the nature referred to herein, which will be henceforward extinguished, whoever may be the parties in interest. The Italian Government agrees to make equitable compensation in lire to persons who furnished supplies or services on requisition to the forces of Allied or Associated Powers in Italian territory and in satisfaction of non-combat damage claims against the forces of Allied or Associated Powers arising in Italian territory.

3. Italy likewise waives all claims of the nature covered by paragraph 1 of this Article on behalf of the Italian Government or Italian nationals against any of the United Nations which broke off diplomatic relations with Italy and which took action in cooperation with the Allied and Associated Powers.

4. The Italian Government shall assume full responsibility for all Allied military currency issued in Italy by the Allied military authorities, including all such currency in circulation at the coming into force of the present Treaty.

5. The waiver of claims by Italy under paragraph 1 of this Article includes any claims arising out of actions taken by any of the Allied and Associated Powers with respect to Italian ships between 1 September 1939 and the coming into force of the present Treaty, as well as any claims and debts arising out of the Conventions on prisoners of war now in force.

6. The provisions of this Article shall not be deemed to affect the ownership of submarine cables which, at the outbreak of the war, were owned by the Italian Government or Italian nationals. This paragraph shall not preclude the application of Article 79 and Annex XIV to submarine cables.

Article 77

1. From the coming into force of the present Treaty property in Germany of Italy and of Italian nationals shall no longer be treated as enemy property and all restrictions based on such treatment shall be removed.

2. Identifiable property of Italy and of Italian nationals removed by force or duress from Italian territory to Germany by German forces or authorities after 3 September 1943 shall be eligible for restitution.

3. The restoration and restitution of Italian property in Germany shall be effected in accordance with measures which will be determined by the Powers in occupation of Germany.

4. Without prejudice to these and to any other dispositions in favour of Italy and Italian nationals by the Powers occupying Germany, Italy waives on its own behalf and on behalf of Italian nationals all claims against Germany and German nationals outstanding on 8 May 1944, except those arising out of contracts and other obligations entered into, and rights acquired, before 1 September 1939. This waiver shall be deemed to include debts, all inter-governmental claims in respect of arrangements entered into in the course of the war, and all claims for loss or damage arising during the war.

5. Italy agrees to take all necessary measures to facilitate such transfers of German assets in Italy as may be determined by those of the Powers occupying Germany which are empowered to dispose of the said assets.

PART VII

PROPERTY, RIGHTS AND INTERESTS

SECTION I

UNITED NATIONS PROPERTY IN ITALY

Article 78

1. In so far as Italy has not already done so, Italy shall restore all legal rights and interests in Italy of the United Nations and their nationals as they existed on 10 June 1940 and shall return all property in Italy of the United Nations and their nationals as it now exists.

2. The Italian Government undertakes that all property, rights and interests passing under this Article shall be restored free of all encumbrances and charges of any kind to which they may have become subject as a result of the war and without the imposition of any charges by the Italian Government in connection with their return. The Italian Government shall nullify all measures, including seizures, sequestration or control, taken by it against United Nations property between 10 June 1940 and the coming into force of the present Treaty. In cases where the property has not been returned within six months from the coming into force of the present Treaty, application shall be made to the Italian authorities not later than twelve months from the coming into force of the present Treaty, except in cases in which the claimant is able to show that he could not file his application within this period.

3. The Italian Government shall invalidate transfers involving property, rights and interests of any description belonging to United Nations nationals, where such

transfers resulted from force or duress exerted by Axis Governments or their agencies during the war.

4. (a) The Italian Government shall be responsible for the restoration to complete good order of the property returned to United Nations nationals under paragraph 1 of this Article. In cases where property cannot be returned or where, as a result of the war, a United Nations national has suffered a loss by reason of injury or damage to property in Italy, he shall receive from the Italian Government compensation in lire to the extent of two-thirds of the sum necessary, at the date of payment, to purchase similar property or to make good the loss suffered. In no event shall United Nations nationals receive less favourable treatment with respect to compensation than that accorded to Italian nationals.

(b) United Nations nationals who hold, directly or indirectly, ownership interests in corporations or associations which are not United Nations nationals within the meaning of paragraph 9(a) of this Article, but which have suffered a loss by reason of injury or damage to property in Italy, shall receive compensation in accordance with sub-paragraph (a) above. This compensation shall be calculated on the basis of the total loss or damage suffered by the corporation or association and shall bear the same proportion to such loss or damage as the beneficial interests of such nationals in the corporation or association bear to the total capital thereof.

(c) Compensation shall be paid free of any levies, taxes or other charges. It shall be freely usable in Italy but shall be subject to the foreign exchange control regulations which may be in force in Italy from time to time.

(d) The Italian Government shall grant United Nations nationals an indemnity in lire at the same rate as provided in sub-paragraph (a) above to compensate them for the loss or damage due to special measures applied to their property during the war, and which were not applicable to Italian property. This sub-paragraph does not apply to a loss of profit.

5. All reasonable expenses incurred in Italy in establishing claims, including the assessment of loss or damage, shall be borne by the Italian Government.

6. United Nations nationals and their property shall be exempted from any exceptional taxes, levies or imposts imposed on their capital assets in Italy by the Italian Government or any Italian authority between 3 September 1943 and the coming into force of the present Treaty for the specific purpose of meeting charges arising out of the war or of meeting the costs of occupying forces or of reparation payable to any of the United Nations. Any sums which have been so paid shall be refunded.

7. Notwithstanding the territorial transfers provided in the present Treaty, Italy shall continue to be responsible for loss or damage sustained during the war by property in ceded territory or in the Free Territory of Trieste belonging to United Nations nationals. The obligations contained in paragraphs 3, 4, 5 and 6 of this Article shall also rest on the Italian Government in regard to property in ceded territory and in

the Free Territory of Trieste of United Nations nationals except in so far as this would conflict with the provisions of paragraph 14 of Annex X and paragraph 14 of Annex XIV of the present Treaty.

8. The owner of the property concerned and the Italian Government may agree upon arrangements in lieu of the provisions of this Article.

9. As used in this Article:

(a) "United Nations nationals" means individuals who are nationals of any of the United Nations, or corporations or associations organised under the laws of any of the United Nations, at the coming into force of the present Treaty, provided that the said individuals, corporations or associations also had this status on 3 September 1943, the date of the Armistice with Italy.

The term "United Nations nationals" also includes all individuals, corporations or associations which, under the laws in force in Italy during the war, have been treated as enemy;

(b) Italian submarine cables connecting a point in the territory of an Allied or Associated Power with a point in Italian territory shall be deemed to be Italian property within the meaning of this Article so far as concerns the terminal facilities and the lengths of cables lying within territorial waters of that Allied or Associated Power.
6. The property covered by paragraph 1 of this Article shall be deemed to include Italian property which has been subject to control by reason of a state of war existing between Italy and the Allied or Associated Power having jurisdiction over the property, but shall not include:

SECTION IV

DEBTS

Article 81

1. The existence of the state of war shall not, in itself, be regarded as affecting the obligation to pay pecuniary debts arising out of obligations and contracts which existed, and rights which were acquired, before the existence of the state of war, which became payable prior to the coming into force of the present Treaty, and which are due by the Government or nationals of Italy to the Government or nationals of one of the Allied and Associated Powers or are due by the Government

or nationals of one of the Allied and Associated Powers to the Government or nationals of Italy.

PART IX

SETTLEMENT OF DISPUTES

Article 83

1. Any disputes which may arise in giving effect to Articles 75 and 78 and Annexes XIV, XV, XVI and XVII, part B, of the present Treaty shall be referred to a Conciliation Commission consisting of one representative of the Government of the United Nation concerned and one representative of the Government of Italy, having equal status. 3. Each Conciliation Commission shall determine its own procedure, adopting rules conforming to justice and equity.
4. Each Government shall pay the salary of the member of the Conciliation Commission whom it appoints and of any agent whom it may designate to represent it before the Commission. The salary of the third member shall be fixed by special agreement between the Governments concerned and this salary, together with the common expenses of each Commission, shall be paid in equal shares by the two Governments.
5. The parties undertake that their authorities shall furnish directly to the Conciliation Commission all assistance which may be within their power.
6. The decision of the majority of the members of the Commission shall be the decision of the Commission, and shall be accepted by the parties as definitive and binding.

ANNEX II

FRANCO-ITALIAN FRONTIER

Detailed description of the sections of the frontier to which the modifications set out in Article 2 apply

LITTLE SAINT BERNARD PASS

Reference: 1:20,000 map: Ste. Foy Tarentaise Nos. 1-2.

The new frontier follows a line which starts from the rocky ridge of Lancebranlette, then, descending towards the east, follows the line of the watershed to the 2,180 metre level, whence it passes to the Colonna Joux (2188). From there, still following the line of the watershed, it reascends on to Costa del Belvedere, the rocky outcrops of which it follows, climbs Mt. Belvedere, skirting its summit and leaving the latter in French territory 120 metres away from the frontier and, passing through points 2570, 2703, Bella Valletta and point 2746, it rejoins the old frontier at Mt. Valaisan.

MONT CENIS PLATEAU

Reference: 1:20,000 map: Lanslebourg, Nos. 5-6 and 7-8 and of Mont D'Ambin, Nos. 1-2.

The new frontier follows a line which leaves the old frontier at Mt. Tour, follows westwards the administrative boundary shown on the map, follows the Vitoun as soon as it meets it on its northern branch and descends along it as far as Rocca della Torretta.

Then following the line of rocky outcrops, it reaches the stream coming from the Alpe Lamet and descends with it as far as the base of the rocky escarpment along which it runs for about 800 metres as far as the thalweg at a point situated about 200 metres north of point 1805.

Then it mounts to the top of the landslips which overlook Ferrera Cenisio about 300 metres away and, continuing westwards, meets the road which skirts the east of Rne. Paradiso 400 metres west of the loop (1854), leaving it immediately and bending southwards.

It cuts the Bar Cenisia road at a point about 100 metres southeast of Refuge 5, crosses the thalweg in the direction of Lago S. Giorgio, roughly follows contour 1900 as far as

point 1907, then skirts the southern side of Lago d'Arpon and rejoins the rocky ridge on which it remains in a south-westerly direction as far as the confluence of the streams coming from the Bard glacier (Ghiacciaio di Bard) at a point approximately 1,400 metres southwest of Lago d'Arpon.

From there, bending southwards, it roughly follows contour 2500, goes as far as point 2579, then, running along contour 2600, it reaches the Lago della Vecchia and rejoins, at the administrative boundary marked on the map about 700 metres southeast of the lake, the Pso. d'Avanza path, which it follows along the rocky escarpments to the old frontier, halfway between the Col della Vecchia and the Col de Clapier.

MONT THABOR

Reference: 1:20,000 map: Nevache, 1-2, 5-6 and 7-8.

From Cima de la Planette to Rocher de Guion (Cima del Sueur)

The new frontier follows a line which leaves the present frontier at Cima de la Planette and, proceeding southwards, follows the ridge through points 2980, 3178, Rca. Bernaude (3228), points 2842, 2780, 2877, Pso. della Gallina (2671), points 2720, 2806 and Pta. Quattro Sorelle (2700).

Descending the eastern slope of this summit, the line leaves in French territory point 2420, whence it rejoins and follows on the east the path leading to the buildings situated about 200 metres from point 2253, this path and these buildings being left in French territory. It then enters a thalweg, passing about 300 metres northeast of point 1915, whence it reaches the northwestern edge of the reservoir which, in the Vallee Etroite (Valle Stretta) feeds the hydro-electric installations of Sette Fontane, leaving this reservoir and these installations in Italian territory. Skirting the reservoir on the south, it reaches the crossroads at point 1499.

Thence it follows the path which hugs the edge of the woods along contour 1500 and which leads it to Comba della Gorgia near the 1580 contour; then it ascends the thalweg towards point 1974 and joins the edge of the rocky escarpments of La Sueur as marked by points 2272, 2268, 2239, 2266, 2267, remaining on this edge until it meets the old frontier, the crest of the rocks and the path bordering it remaining in French territory.

CHABERTON

Reference: 1:20,000 map: Briançon, Nos. 3-4.

The new frontier follows a line which leaves the old frontier at point 3042 (north of point 3070 and north of Pointe des Trois Scies) and follows the rocky ridge as far as Croce del Vallonetto.

From the Croce del Vallonetto it bends towards the south along the rocky ridge and meets the Chaberton road at the point where the latter enters the *cirque* of the Clot des Morts.

Crossing this road and the thalweg which borders it, the line roughly follows, for 1250 metres, contour 2300 which, on the ground, follows to the southeast a series of rocky outcrops and debris, then it cuts straight across the eastern slope of Mt. Chaberton, reaches a point about 400 metres west of point 2160 leaving in French territory the intermediate pylon of the cable railway which stands there.

Then it proceeds in a straight line, across a series of rocky barriers and steep ravines, towards the position (not marked on the map) of La Fontaine des Chamois, near point 2228 (about 1400 metres northeast of Clavières) which it skirts to the east, following the second bend of the road joining this position with the fortified barracks of Chaberton, on the road from Cézanne (Cesana) to Clavières, leaving the fortifications at La Fontaine des Chamois in French territory.

Thence following first in a southerly direction the commune boundary marked on the map, and then the rocky barrier about 400 metres north of the Clavières-Cézanne (Cesana) road, it bends towards the southwest, passing along the foot of the rocky cliffs, sufficiently far from the latter to allow the construction of double-track road

Skirting in this way to the north the village of Clavières, which is left in Italian territory, it meets the Rio Secco about 200 metres upstream from the Clavières bridge and follows down its course, then that of Doire Ripaire (Doria Riparia) as far as the road from Clavières to Val Gimont, which is left to Italy, and follows this road as far as the bridge over the Gimont.

Proceeding up the course of the latter for about 300 metres, the line then leaves it and follows the mule-track which takes it to the upper pylon of the Clavières cable railway (Col du Mont Fort du Boeuf), which is left in French territory. Then, across the ridge, it rejoins the present frontier at Mont la Plane, frontier post 251. The road in the valley of the Gimont is left in Italian territory.

3. From Mt. Clapier to Colle di Tenda

References: Italian 1:20,000 map: Madonna delle Finestre and Colle di Tenda.

From Mt. Clapier, the line follows the administrative boundary represented on the map by points 2915, 2887 and 2562, Passo dell'Agnel and point 2679, up to Cima dell'Agnel (2775).

The path and the section of highway mentioned above remain in French territory.

4. From Colle di Tenda to Cima Missun

Reference: Italian 1:20,000 map: Tenda and Certosa di Pesio.

From Colle di Tenda the line, leaving the path in French territory, proceeds to points 1887 and 2206, then branches off the path to follow along the ridge the administrative boundary shown on the map, then passing through point 2262 reaches Cma. del Becco (2300).

Bearing northward and along the administrative boundary shown on the map it reaches the Col della Perla (2086), follows the path which skirts the rocky outcrop in Cma. del Cuni to Col della Boaira, where it leaves it to follow the ridge to the north. The abovementioned path remains in French territory.

Skirting the rocky outcrop, it proceeds to point 2275, reaches Testa Ciaudon (2386), skirts the rocky escarpments, crosses Colla Piana (2219) and reaches point 2355 of Mt. When it reaches these works, it leaves the road, rejoins at the ridge the road along the Testa della Nava ridge which remains in French territory, and follows it as far as the works to the southeast of the Cima di Marta or Mt Vacche, skirting it from the east.

From there, passing along the ridge road left in French territory, it skirts Mt. Ceriana, leaves the road to reach Mt. Grai (2014) and joins it again at the col (1875), follows it to skirt Cima della Valetta and Mt. Pietravecchia as far as the rocky crest.

6. *From Cla. Pegairole to Mt. Mergo*

References: 1:20,000 maps: Pointe de Lugo, Nos. 5-6, San Remo, Nos. 1-2 and Menton, Nos. 3-4.

From Cla. Pegairole the line follows the administrative boundary marked on the map, leaving Cisterne to France, climbs Mt. Simonasso, drops as far as the col and follows the road to Margheria Suan which it leaves in French territory, the chalets remaining in Italian territory.

Continuing to follow the road, left in French territory, it passes to the east of Testa d'Alpe to Fontana dei Draghi, to the springs at point 1406, to point 1297, skirts Colla Sgora on the east, passes the points 1088, 1016, and 1026, crosses the rocky ridge of Mt. Colombin, follows the cantonal boundary shown on the map along Cima di Reglie (846 and 858), departs from this cantonal boundary in a southwesterly direction to follow the ridge of Serra dell'Arpetta (543, 474 and 416) down to the

thalweg of the Roya, which it crosses about 200 metres northwest of the bridge of Fanghetto.

The line then ascends the thalweg of Roya to a point situated about 350 metres from the abovementioned bridge. It leaves the Roya at this point and bears southwest to point 566. From this point it bears west until it meets the ravine descending to Olivetta which it follows as far as the road, leaving the dwellings on this road in Italian territory, mounts the Vle. di Tronto for about 200 metres and then turns towards point 410 as far as the road from Olivetta to San Girolamo. Thence it runs southeast along this road for about 100 metres and then bears generally southwest to point 403, running for about 20 metres along and to the south of the road marked on the map. From point 403, it follows the ridge of Pta. Becche as far as point 379, then again bearing southwest, crosses the Bevera, following the thalweg towards Mt. Mergo which it skirts on the south at about 50 metres from the summit (686), left in French territory, and rejoins the present frontier at a point about 100 metres to the southwest of that summit.

On assuming office in the Free Territory of Trieste the Governor shall be empowered to select from among persons domiciled in the Free Territory and after consultation with the Governments of Yugoslavia and Italy a Provisional Council of Government.

The Governor shall have the right to make changes in the composition of the Provisional Council of Government whenever he deems it necessary. The Governor and the Provisional Council of Government shall exercise their functions in the manner laid down in the provisions of the Permanent Statute as and when these provisions prove to be applicable and in so far as they are not superseded by the present Instrument. Likewise all other provisions of the Permanent Statute shall be applicable during the period of the Provisional Regime as and when these provisions prove to be applicable and in so far as they are not superseded by the present Instrument. The Governor's actions will be guided mainly by the needs of the population and its well being.

Article 3

The seat of Government will be established in Trieste. The Governor will address his reports directly to the Chairman of the Security Council and will, through that channel, supply the Security Council with all necessary information on the administration of the Free Territory.

Article 4

The first concern of the Governor shall be to ensure the maintenance of public order and security. He shall appoint on a provisional basis a Director of Public Security, who will reorganize and administer the police force and security services.

Article 5

(a) From the coming into force of the present Treaty, troops stationed in the Free Territory shall not exceed 5,000 men for the United Kingdom, 5,000 men for the United States of America and 5,000 men for Yugoslavia.

(b) These troops shall be placed at the disposal of the Governor for a period of 90 days after his assumption of office in the Free Territory. As from the end of that period, they will cease to be at the disposal of the Governor and will be withdrawn from the Territory within a further period of 45 days, unless the Governor advises the Security Council that, in the interests of the Territory, some or all of them should not, in his view, be withdrawn. In the latter event, the troops required by the Governor shall remain until not later than 45 days after the Governor has advised the Security Council that the security services can maintain internal order in the Territory without the assistance of foreign troops.

(c) The withdrawal prescribed in paragraph (b) shall be carried out so as to maintain, in so far as possible, the ratio prescribed in paragraph (a) between the troops of the three Powers concerned.

Article 6

The Governor shall have the right at any time to call upon the Commanders of such contingents for support and such support shall be given promptly. The Governor shall, whenever possible, consult with the Commanders concerned before issuing his instructions but shall not interfere with the military handling of the forces in the

discharge of his instructions. Each Commander has the right to report to his Government the instructions which he has received from the Governor, informing the Governor of the contents of such reports. The Government concerned shall have the right to refuse the participation of its forces in the operation in question, informing the Security Council accordingly.

Article 7

The necessary arrangements relating to the stationing, administration and supply of the military contingents made available by the United Kingdom, the United States of America, and Yugoslavia shall be settled by agreement between the Governor and the Commanders of those contingents.

Article 8

The Governor, in consultation with the Provisional Council of Government, shall be responsible for organizing the elections of Members of the Constituent Assembly in accordance with the conditions provided for in the Statute for elections to the popular Assembly.

The elections shall be held not later than four months after the Governor's assumption of office. In case this is technically impossible the Governor shall report to the Security Council.

Article 9

The Governor will, in consultation with the Provisional Council of Government, prepare the provisional budget and the provisional export and import programmes and will satisfy himself that appropriate arrangements are made by the Provisional Council of Government for the administration of the finances of the Free Territory.

Article 10

Existing laws and regulations shall remain valid unless and until revoked or suspended by the Governor. The Governor shall have the right to amend existing laws and regulations and to introduce new laws and regulations in agreement with the majority of the Provisional Council of Government. Such amended and new laws and regulations, as well as the acts of the Governor in regard to the revocation or suspension of laws and regulations, shall be valid unless and until they are amended, revoked or superseded by acts of the popular Assembly or the Council of Government within their respective spheres after the entry into force of the Constitution.

Article 11

Pending the establishment of a separate currency regime for the Free Territory the Italian lira shall continue to be the legal tender within the Free Territory. The Italian Government shall supply the foreign exchange and currency needs of the Free Territory under conditions no less favourable than those applying in Italy.

Italy and the Free Territory shall enter into an agreement to give effect to the above provisions as well as to provide for any settlement between the two Governments which may be required.

ANNEX VIII

INSTRUMENT FOR THE FREE PORT OF TRIESTE

Article 1

1. In order to ensure that the port and transit facilities of Trieste will be available for use on equal terms by all international trade and by Yugoslavia, Italy and the States of Central Europe, in such manner as is customary in other free ports of the world:

(a) There shall be a customs free port in the Free Territory of Trieste within the limits provided for by or established in accordance with Article 3 of the present Instrument.

(b) Goods passing through the Free Port of Trieste shall enjoy freedom of transit as stipulated in Article 16 of the present Instrument.

2. The international regime of the Free Port shall be governed by the provisions of the present Instrument.

Article 2

1. The Free Port shall be established and administered as a State corporation of the Free Territory, having all the attributes of a juridical person and functioning in accordance with the provisions of this Instrument.

2. All Italian state and para-statal property within the limits of the Free Port which, according to the provisions of the present Treaty, shall pass to the Free Territory shall be transferred, without payment, to the Free Port.

Article 3

1. The area of the Free Port shall include the territory and installations of the free zones of the port of Trieste within the limits of the 1939 boundaries.

2. The establishment of special zones in the Free Port under the exclusive jurisdiction of any State is incompatible with the status of the Free Territory and of the Free Port.

3. In order, however, to meet the special needs of Yugoslav and Italian shipping in the Adriatic, the Director of the Free Port, on the request of the Yugoslav or Italian Government and with the concurring advice of the International Commission provided for in Article 21 below, may reserve to merchant vessels flying the flags of either of these two States the exclusive use of berthing spaces within certain parts of the area of the Free Port.

4. In case it shall be necessary to increase the area of the Free Port such increase may be made upon the proposal of the Director of the Free Port by decision of the Council of Government with the approval of the popular Assembly.

Article 4

Unless otherwise provided for by the present Instrument the laws and regulations in force in the Free Territory shall be applicable to persons and property within the boundaries of the Free Port and the authorities responsible for their application in the Free Territory shall exercise their functions within the limits of the Free Port.

Article 5

1. Merchant vessels and goods of all countries shall be allowed unrestricted access to the Free Port for loading and discharge both for goods in transit and goods destined for or proceeding from the Free Territory.
2. In connection with importation into or exportation from or transit through the Free Port, the authorities of the Free Territory shall not levy on such goods customs duties or charges other than those levied for services rendered.
3. However, in respect of goods, imported through the Free Port for consumption within the Free Territory or exported from this Territory through the Free Port, appropriate legislation and regulations in force in the Free Territory shall be applied.

Article 6

Warehousing, storing, examining, sorting, packing and repacking and similar activities which have customarily been carried on in the free zones of the port of Trieste shall be permitted in the Free Port under the general regulations established by the Director of the Free Port.

Article 7

1. The Director of the Free Port may also permit the processing of goods in the Free Port.
2. Manufacturing activities in the Free Port shall be permitted to those enterprises which existed in the free zones of the port of Trieste before the coming into force of the present Instrument. Upon the proposal of the Director of the Free Port, the Council of Government may permit the establishment of new manufacturing enterprises within the limits of the Free Port.

Article 8

Inspection by the authorities of the Free Territory shall be permitted within the Free Port to the extent necessary to enforce the customs or other regulations of the Free Territory for the prevention of smuggling.

Article 9

1. The authorities of the Free Territory will be entitled to fix and levy harbour dues in the Free Port.
2. The Director of the Free Port shall fix all charges for the use of the facilities and services of the Free Port. Such charges shall be reasonable and be related to the cost of operation, administration, maintenance and development of the Free Port.

Article 10

In the fixing and levying in the Free Port of harbour dues and other charges under Article 9 above, as well as in the provision of the services and facilities of the Free Port, there shall be no discrimination in respect of the nationality of the vessels, the ownership of the goods or on any other grounds.

Article 11

The passage of all persons into and out of the Free Port area shall be subject to such regulations as the authorities of the Free Territory shall establish. These regulations, however, shall be established in such a manner as not unduly to impede the passage into and out of the Free Port of nationals of any State who are engaged in any legitimate pursuit in the Free Port area.

Article 12

The rules and bye-laws operative in the Free Port and likewise the schedules of charges levied in the Free Port must be made public.

Article 13

Coastwise shipping and coastwise trade within the Free Territory shall be carried on in accordance with regulations issued by the authorities of the Free Territory, the provisions of the present Instrument not being deemed to impose upon such authorities any restrictions in this respect.

Article 14

Within the boundaries of the Free Port, measures for the protection of health and measures for combating animal and plant diseases in respect of vessels and cargoes shall be applied by the authorities of the Free Territory.

Article 15

It shall be the duty of the authorities of the Free Territory to provide the Free Port with water supplies, gas, electric light and power, communications, drainage facilities and other public services and also to ensure police and fire protection.

Article 16

1. Freedom of transit shall, in accordance with customary international agreements, be assured by the Free Territory and the States whose territories are traversed to goods transported by railroad between the Free Port and the States which it serves, without any discrimination and without customs duties or charges other than those levied for services rendered.

2. The Free Territory and the States assuming the obligations of the present Instrument through whose territory such traffic passes in transit in either direction shall do all in their power to provide the best possible facilities in all respects for the speedy and efficient movement of such traffic at a reasonable cost, and shall not apply with respect to the movement of goods to and from the Free Port any

discriminatory measures with respect to rates, services, customs, sanitary, police or any other regulations.

3. The States assuming the obligations of the present Instrument shall take no measures regarding regulations or rates which would artificially divert traffic from the Free Port for the benefit of other seaports. Measures taken by the Government of Yugoslavia to provide for traffic to ports in southern Yugoslavia shall not be considered as measures designed to divert traffic artificially.

Article 17

The Free Territory and the States assuming the obligations of the present Instrument shall, within their respective territories and on non-discriminatory terms, grant in accordance with customary international agreements freedom of postal, telegraphic, and telephonic communications between the Free Port area and any country for such communications as originate in or are destined for the Free Port area.

Article 18

1. The administration of the Free Port shall be carried on by the Director of the Free Port who will represent it as a juridical person. The Council of Government shall submit to the Governor a list of qualified candidates for the post of Director of the Free Port. The Governor shall appoint the Director from among the candidates presented to him after consultation with the Council of Government. In case of disagreement the matter shall be referred to the Security Council. The Governor may also dismiss the Director upon the recommendation of the International Commission or the Council of Government.

2. The Director shall not be a citizen of Yugoslavia or Italy.

3. All other employees of the Free Port will be appointed by the Director. In all appointments of employees preference shall be given to citizens of the Free Territory.

Article 19

Subject to the provisions of the present Instrument, the Director of the Free Port shall take all reasonable and necessary measures for the administration, operation, maintenance and development of the Free Port as an efficient port adequate for the prompt handling of all the traffic of that port. In particular, the Director shall be responsible for the execution of all kinds of port works in the Free Port, shall direct the operation of port installations and other port equipment, shall establish, in accordance with legislation of the Free Territory, conditions of labour in the Free Port, and shall also supervise the execution in the Free Port of orders and regulations of the authorities of the Free Territory in respect to navigation.

Article 20

1. The Director of the Free Port shall issue such rules and bye-laws as he considers necessary in the exercise of his functions as prescribed in the preceding Article.

2. The autonomous budget of the Free Port will be prepared by the Director, and will be approved and applied in accordance with legislation to be established by the popular Assembly of the Free Territory.

3. The Director of the Free Port shall submit an annual report on the operations of the Free Port to the Governor and the Council of Government of the Free Territory. A copy of the report shall be transmitted to the International Commission.

Article 21

1. There shall be established an International Commission of the Free Port, hereinafter called "the International Commission", consisting of one representative from the Free Territory and from each of the following States: France, the United Kingdom of Great Britain and Northern Ireland, the Union of Soviet Socialist Republics, the United States of America, the People's Federal Republic of Yugoslavia, Italy, Czechoslovakia, Poland, Switzerland, Austria and Hungary, provided that such State has assumed the obligations of the present Instrument.

2. The representative of the Free Territory shall be the permanent Chairman of the International Commission. In the event of a tie in voting, the vote cast by the Chairman shall be decisive.

Article 22

The International Commission shall have its seat in the Free Port. Its offices and activities shall be exempt from local jurisdiction. The members and officials of the International Commission shall enjoy in the Free Territory such privileges and immunities as are necessary for the independent exercise of their functions. The International Commission shall decide upon its own secretariat, procedure and budget. The common expenses of the International Commission shall be shared by member States in an equitable manner as agreed by them through the International Commission.

Article 23

The International Commission shall have the right to investigate and consider all matters relating to the operation, use, and administration of the Free Port or to the technical aspects of transit between the Free Port and the States which it serves, including unification of handling procedures. The International Commission shall act either on its own initiative or when such matters have been brought to its attention by any State or by the Free Territory or by the Director of the Free Port. The International Commission shall communicate its views or recommendations on such matters to the State or States concerned, or to the Free Territory, or to the Director of the Free Port. Such recommendations shall be considered and the necessary measures shall be taken. Should the Free Territory or the State or States concerned deem, however, that such measures would be inconsistent with the provisions of the present Instrument, the matter may at the request of the Free Territory or any interested State be dealt with as provided in Article 24 below.

Article 24

Any dispute relating to the interpretation or execution of the present Instrument, not resolved by direct negotiations, shall, unless the parties mutually agree upon another means of settlement, be referred at the request of either party to the dispute to a Commission composed of one representative of each party and a third member selected by mutual agreement of the two parties from nationals of a third country. Should the two parties fail to agree within a period of one month upon the appointment of the third member, the Secretary-General of the United Nations may be requested by either party to make the appointment. The decision of the majority of the members of the Commission shall be the decision of the Commission, and shall be accepted by the parties as definitive and binding.

Article 25

Proposals for amendments to the present Instrument may be submitted to the Security Council by the Council of Government of the Free Territory or by three or more States represented on the International Commission. An amendment approved by the Security Council shall enter into force on the date determined by the Security Council.

Article 26

For the purposes of the present Instrument a State shall be considered as having assumed the obligations of this Instrument if it is a party to the Treaty of Peace with Italy or has notified the Government of the French Republic of its assumption of such obligations.

ANNEX IX

TECHNICAL DISPOSITIONS REGARDING THE FREE TERRITORY OF TRIESTE

(See Article 21)

A. Water supply to northwestern Istria

Yugoslavia shall continue to supply water to the region of northwestern Istria within the Free Territory of Trieste from the spring of San Giovanni de Pinguente through the Quieto water supply system and from the spring of Santa Maria del Risano through the Risano system. The water so supplied shall be in such amounts, not substantially exceeding those amounts which have been customarily supplied to the region, and at such rates of flow, as the Free Territory may request, but within limits imposed by natural conditions. Yugoslavia shall maintain the water conduits, reservoirs, pumps, purifying systems and such other works within Yugoslav territory as may be required to fulfil this obligation. Temporary allowance must be made in respect of the foregoing obligations on Yugoslavia for necessary repair of war damage to water supply installations. The Free Territory shall pay a reasonable

price for the water thus supplied, which price should represent a proportionate share, based on the quantity of water consumed within the Free Territory, of the total cost of operation and maintenance of the Quieto and the Risano water supply systems. Should, in the future, additional supplies of water be required by the Free Territory, Yugoslavia undertakes to examine the matter jointly with the authorities of the Free Territory and by agreement to take such measures as are reasonable to meet these requirements.

B. Electricity supplies

1. Yugoslavia and Italy shall maintain the existing supply of electricity to the Free Territory of Trieste, furnishing to the Free Territory such quantities of electricity at such rates of output as the latter may require. The quantities furnished need not at first substantially exceed those which have been customarily supplied to the area comprised in the Free Territory, but Italy and Yugoslavia shall, on request of the Free Territory, furnish increasing amounts as the requirements of the Free Territory grow, provided that any increase of more than 20 percent over the amount normally furnished to the Free Territory from the respective sources shall be the subject of an agreement between the interested Governments.
2. The price to be charged by Yugoslavia or by Italy and to be paid by the Free Territory for the electricity furnished to it shall be no higher than the price charged in Yugoslavia or in Italy for the supply of similar quantities of hydro-electricity from the same sources in Yugoslav or Italian territory.
3. Yugoslavia, Italy and the Free Territory shall exchange information continuously concerning the flow and storage of water and the output of electricity in respect of stations supplying the former Italian *compartimento* of Venezia Giulia, so that each of the three parties will be in a position to determine its requirements.
4. Yugoslavia, Italy and the Free Territory shall maintain in good and substantial condition all of the electrical plants, transmission lines, substations and other installations which are required for the continued supply of electricity to the former Italian *compartimento* of Venezia Giulia.
5. Yugoslavia shall ensure that the existing and any future power installations on the Isonzo (Soca) are operated so as to provide that such supplies of water as Italy may from time to time request may be diverted from the Isonzo (Soca) for irrigation in the region from Gorizia southwestward to the Adriatic. Italy may not claim the right to the use of water from the Isonzo (Soca) in greater volume or under more favourable conditions than has been customary in the past.
6. Yugoslavia, Italy and the Free Territory shall, through joint negotiations, adopt a mutually agreeable convention in conformity with the foregoing provisions for the continuing operation of the electricity system which serves the former Italian *compartimento* of Venezia Giulia. A mixed commission with equal representation of the three Governments shall be established for supervising the execution of the obligations arising under paragraphs 1 to 5 above.

7. Upon the expiration of a ten-year period from the coming into force of the present Treaty, Yugoslavia, Italy and the Free Territory shall re-examine the foregoing provisions in the light of conditions at that time in order to determine which, if any, of the foregoing obligations are no longer required, and shall make such alterations, deletions and additions as may be agreed upon by the parties concerned. Any disputes which may arise as a result of this re-examination shall be submitted for settlement under the procedure outlined in Article 87 of the present Treaty.

C. Facilities for local frontier trade

Yugoslavia and the Free Territory of Trieste, and Italy and the Free Territory of Trieste, shall, within one month of the coming into force of the present Treaty, undertake negotiations to provide arrangements which shall facilitate the movement across the frontiers between the Free Territory and the adjacent areas of Yugoslavia and Italy of foodstuffs and other categories of commodities which have customarily moved between those areas in local trade, provided these commodities are grown, produced or manufactured in the respective territories. This movement may be facilitated by appropriate measures, including the exemption of such commodities, up to agreed quantities or values, from tariffs, customs charges, and export or import taxes of any kind when such commodities are moving in local trade.

ANNEX X

ECONOMIC AND FINANCIAL PROVISIONS RELATING TO THE FREE TERRITORY OF TRIESTE

1. The Free Territory of Trieste shall receive, without payment, Italian State and para-statal property within the Free Territory.

The following are considered as State or para-statal property for the purposes of this Annex: movable and immovable property of the Italian State, of local authorities and of public institutions and publicly owned companies and associations, as well as movable and immovable property formerly belonging to the Fascist Party or its auxiliary organizations.

2. All transfers effected after 3 September 1943 of Italian State and para-statal property as defined in paragraph 1 above shall be deemed null and void. This provision shall not, however, extend to lawful acts relating to current operations of State and para-statal agencies in so far as they concern the sale, within normal limits, of goods ordinarily produced by them or sold in the execution of normal commercial arrangements or in the normal course of governmental administrative activities.

3. Submarine cables owned by the Italian State or by Italian para-statal organisations shall fall within the provisions of paragraph 1 so far as concerns terminal facilities and the lengths of cables lying within territorial waters of the Free Territory.

4. Italy shall hand over to the Free Territory all relevant archives and documents of an administrative character or historical value concerning the Free Territory or relating to property transferred under paragraph 1 of this Annex. The Free Territory shall hand over to Yugoslavia all documents of the same character relating to territory ceded to Yugoslavia under the present Treaty, and to Italy all documents of the same character which may be in the Free Territory and which relate to Italian territory.

Yugoslavia declares herself ready to hand over to the Free Territory all archives and documents of an administrative character concerning and required exclusively for the administration of the Free Territory, which are of a kind which were usually held before 3 September 1943 by the local authorities having jurisdiction over what now forms part of the Free Territory.

5. The Free Territory shall be exempt from the payment of the Italian public debt, but shall assume the obligations of the Italian State towards holders who continue to reside in the Free Territory, or who, being juridical persons, retain their *siège social* or principal place of business there, in so far as these obligations correspond to that portion of this debt which has been issued prior to 10 June 1940 and is attributable to public works and civil administrative services of benefit to the said Territory but not attributable directly or indirectly to military purposes.

Full proof of the source of such holdings may be required from the holders.

Italy and the Free Territory shall conclude arrangements to determine the portion of the Italian public debt referred to in this paragraph and the methods for giving effect to these provisions.

6. The future status of external obligations secured by charges upon the property or revenues of the Free Territory shall be governed by further agreements between the parties concerned.

7. Special arrangements shall be concluded between Italy and the Free Territory to govern the conditions under which the obligations of Italian public or private social insurance organizations towards the inhabitants of the Free Territory, and a proportionate part of the reserves accumulated by the said organizations, shall be transferred to similar organizations in the Free Territory.

Similar arrangements shall also be concluded between the Free Territory and Italy, and between the Free Territory and Yugoslavia, to govern the obligations of public and private social insurance organizations whose *siège social* is in the Free Territory, with regard to policy holders or subscribers residing respectively in Italy or in territory ceded to Yugoslavia under the present Treaty.

Similar arrangements shall also be concluded between the Free Territory and Yugoslavia to govern the obligations of public and private social insurance organizations whose *siège social* is in territory ceded to Yugoslavia under the present Treaty, with regard to policy holders or subscribers residing in the Free Territory.

8. Italy shall continue to be liable for the payment of civil or military pensions earned, as of the coming into force of the present Treaty, for service under the Italian State, municipal or other local government authorities, by persons who under the Treaty acquire the nationality of the Free Territory, including pension rights not yet matured. Arrangements shall be concluded between Italy and the Free Territory providing for the method by which this liability shall be discharged.

9. The property, rights and interests of Italian nationals who became domiciled in the Free Territory after 10 June 1940 and of persons who opt for Italian citizenship pursuant to the Statute of the Free Territory of Trieste shall, provided they have been lawfully acquired, be respected in the same measure as the property, rights and interests of nationals of the Free Territory generally, for a period of three years from the coming into force of the Treaty.

The property, rights and interests within the Free Territory of other Italian nationals and also of Italian juridical persons, provided they have been lawfully acquired, shall be subject only to such legislation as may be enacted from time to time regarding the property of foreign nationals and juridical persons generally.

10. Persons who opt for Italian nationality and move to Italy shall be permitted, after the settlement of any debts or taxes due from them in the Free Territory, to take with them their movable property and transfer their funds, provided such property and funds were lawfully acquired. No export or import duties shall be imposed in connection with the moving of such property. Further, they shall be permitted to sell their movable and immovable property under the same conditions as nationals of the Free Territory.

The removal of property to Italy will be effected under conditions which will not be in contradiction to the Constitution of the Free Territory and in a manner which will be agreed upon between Italy and the Free Territory. The conditions and the time periods of the transfer of the funds, including the proceeds of sales, shall be determined in the same manner.

11. The property, rights and interests of former Italian nationals, resident in the Free Territory, who become nationals of the Free Territory under the present Treaty, existing in Italy at the coming into force of the Treaty, shall be respected by Italy in the same measure as the property, rights and interests of Italian nationals generally, for a period of three years from the coming into force of the Treaty.

Such persons are authorized to effect the transfer and the liquidation of their property, rights and interests under the same conditions as are provided for under paragraph 10 above.

12. Companies incorporated under Italian law and having *siège social* in the Free Territory, which wish to remove *siège social* to Italy or Yugoslavia, shall likewise be dealt with under the provisions of paragraph 10 above, provided that more than fifty percent of the capital of the company is owned by persons usually resident outside the Free Territory, or by persons who move to Italy or Yugoslavia.

13. Debts owed by persons in Italy, or in territory ceded to Yugoslavia, to persons in the Free Territory, or by persons in the Free Territory to persons in Italy or in territory ceded to Yugoslavia, shall not be affected by the cession. Italy, Yugoslavia and the Free Territory undertake to facilitate the settlement of such obligations. As used in this paragraph, the term "persons" includes juridical persons.

14. The property in the Free Territory of any of the United Nations and its nationals, if not already freed from Italian measures of sequestration or control and returned to its owner, shall be returned in the condition in which it now exists.

15. Italy shall return property unlawfully removed after 3 September 1943 from the Free Territory to Italy. Paragraphs 2, 3, 4, 5 and 6 of Article 75 shall govern the application of this obligation except as regards property provided for elsewhere in this Annex.

The provisions of paragraphs 1, 2, 5 and 6 of Article 75 shall apply to the restitution by the Free Territory of property removed from the territory of any of the United Nations during the war.

16. Italy shall return to the Free Territory in the shortest possible time any ships in Italian possession which were owned on 3 September 1943 by natural persons resident in the Free Territory who acquire the nationality of the Free Territory under the present Treaty, or by Italian juridical persons having and retaining *siège social* in the Free Territory, except any ships which have been the subject of a *bona fide* sale.

17. Italy and the Free Territory, and Yugoslavia and the Free Territory, shall conclude agreements providing for a just and equitable apportionment of the property of any existing local authority whose area is divided by any frontier settlement under the present Treaty, and for a continuance to the inhabitants of necessary communal services not specifically covered in other parts of the Treaty.

Similar agreements shall be concluded for a just and equitable allocation of rolling stock and railway equipment and of dock and harbour craft and equipment, as well as for any other outstanding economic matters not covered by this Annex.

18. Citizens of the Free Territory shall, notwithstanding the transfer of sovereignty and any change of nationality consequent thereon, continue to enjoy in Italy all the rights in industrial, literary and artistic property to which they were entitled under the legislation in force in Italy at the time of the transfer.

The Free Territory shall recognize and give effect to rights of industrial, literary and artistic property existing in the Free Territory under Italian laws in force at the time of transfer, or to be re-established or restored in accordance with Annex XV, part A of the present Treaty. These rights shall remain in force in the Free Territory for the same period as that for which they would have remained in force under the laws of Italy.

19. Any dispute which may arise in giving effect to this Annex shall be dealt with in the same manner as provided in Article 83 of the present Treaty.

20. Paragraphs 1, 3 and 5 of Article 76; Article 77; paragraph 3 of Article 78; Article 81; Annex XV, part A; Annex XVI and Annex XVII, part B, shall apply to the Free Territory in like manner as to Italy.

ANNEX XI

JOINT DECLARATION BY THE GOVERNMENTS OF THE SOVIET UNION, OF THE UNITED KINGDOM, OF THE UNITED STATES OF AMERICA AND OF FRANCE CONCERNING ITALIAN TERRITORIAL POSSESSIONS IN AFRICA

(See Article 23)

1. The Governments of the Union of Soviet Socialist Republics, of the United Kingdom of Great Britain and Northern Ireland, of the United States of America, and of France agree that they will, within one year from the coming into force of the Treaty of Peace with Italy bearing the date of 10 February 1947, jointly determine the final disposal of Italy's territorial possessions in Africa, to which, in accordance with Article 23 of the Treaty, Italy renounces all right and title.
2. The final disposal of the territories concerned and the appropriate adjustment of their boundaries shall be made by the Four Powers in the light of the wishes and welfare of the inhabitants and the interests of peace and security, taking into consideration the views of other interested Governments.
3. If with respect to any of these territories the Four Powers are unable to agree upon their disposal within one year from the coming into force of the Treaty of Peace with Italy, the matter shall be referred to the General Assembly of the United Nations for a recommendation, and the Four Powers agree to accept the recommendation and to take appropriate measures for giving effect to it.
4. The Deputies of the Foreign Ministers shall continue the consideration of the question of the disposal of the former Italian Colonies with a view to submitting to the Council of Foreign Ministers their recommendations on this matter. They shall also send out commissions of investigation to any of the former Italian Colonies in order to supply the Deputies with the necessary data on this question and to ascertain the views of the local population.

- (f) is designed or adapted primarily for operating aircraft at sea;
- (g) mounts more than two aircraft launching apparatus;
- (h) is designed for a speed greater than twenty knots if fitted with a gun of calibre exceeding 3 inches (76 mm.).

A war vessel belonging to sub-category 1 is no longer to be considered as such after the twentieth year since completion if all weapons are removed.

This does not prohibit internal security personnel restricted in number to meeting tasks of an internal character and equipped with weapons which can be carried and operated by one person, and the necessary military training of such personnel.

ANNEX XIV

ECONOMIC AND FINANCIAL PROVISIONS RELATING TO CEDED TERRITORIES

1. The Successor State shall receive, without payment, Italian State and para-statal property within territory ceded to it under the present Treaty, as well as all relevant

archives and documents of an administrative character or historical value concerning the territory in question, or relating to property transferred under this paragraph.

The following are considered as State or para-statal property for the purposes of this Annex: movable and immovable property of the Italian State of local authorities and of public institutions and publicly owned companies and associations, as well as movable and immovable property formerly belonging to the Fascist Party or its auxiliary organizations.

2. All transfers effected after 3 September 1943 of Italian State and para-statal property as defined in paragraph 1 above shall be deemed null and void. This provision shall not, however, extend to lawful acts relating to current operations of State and para-statal agencies in so far as they concern the sale, within normal limits, of goods ordinarily produced or sold by them in the execution of normal commercial arrangements or in the normal course of governmental administrative activities.

3. Italian submarine cables connecting points in ceded territory, or connecting a point in ceded territory with a point in other territory of the Successor State, shall be deemed to be Italian property in the ceded territory, despite the fact that lengths of these cables may lie outside territorial waters. Italian submarine cables connecting a point in ceded territory with a point outside the jurisdiction of the Successor State shall be deemed to be Italian property in ceded territory so far as concerns the terminal facilities and the lengths of cables lying within territorial waters of the ceded territory.

4. The Italian Government shall transfer to the Successor State all objects of artistic, historical or archaeological value belonging to the cultural heritage of the ceded territory, which, while that territory was under Italian control were removed therefrom without payment and are held by the Italian Government or by Italian public institutions.

5. The Successor State shall make arrangements for the conversion into its own currency of Italian currency held within the ceded territory by persons continuing to reside in the said territory or by juridical persons continuing to carry on business there. Full proof of the source of the funds to be converted may be required from their holders.

6. The Government of the Successor State shall be exempt from the payment of the Italian public debt, but will assume the obligations of the Italian State towards holders who continue to reside in the ceded territory, or who, being juridical persons, retain their *siège social* or principal place of business there, in so far as these obligations correspond to that portion of this debt which has been issued prior to 10 June 1940 and is attributable to public works and civil administrative services of benefit to the said territory but not attributable directly or indirectly to military purposes.

Full proof of the source of such holdings may be required from the holders.

The Successor State and Italy shall conclude arrangements to determine the portion of the Italian public debt referred to in this paragraph and the methods for giving effect to these provisions.

7. Special arrangements shall be concluded between the Successor State and Italy to govern the conditions under which the obligations of Italian public or private social insurance organizations towards the inhabitants of the ceded territory, and a proportionate part of the reserves accumulated by the said organizations, shall be transferred to similar organizations in the Successor State.

Similar arrangements shall also be concluded between the Successor State and Italy to govern the obligations of public and private social insurance organizations whose *siège social* is in the ceded territory, with regard to policy holders or subscribers residing in Italy.

8. Italy shall continue to be liable for the payment of civil or military pensions earned, as of the coming into force of the present Treaty, for service under the Italian State, municipal or other local government authorities, by persons who under the Treaty acquire the nationality of the Successor State, including pension rights not yet matured. Arrangements shall be concluded between the Successor State and Italy providing for the method by which this liability shall be discharged.

9. The property, rights and interests of Italian nationals permanently resident in the ceded territories at the coming into force of the present Treaty shall, provided they have been lawfully acquired, be respected on a basis of equality with the rights of nationals of the Successor State.

The property, rights and interests within the ceded territories of other Italian nationals and also of Italian juridical persons, provided they have been lawfully acquired, shall be subject only to such legislation as may be enacted from time to time regarding the property of foreign nationals and juridical persons generally.

Such property, rights and interests shall not be subject to retention or liquidation under the provisions of Article 79 of the present Treaty, but shall be restored to their owners freed from any measures of this kind and from any other measure of transfer, compulsory administration or sequestration taken between 3 September 1943 and the coming into force of the present Treaty.

10. Persons who opt for Italian nationality and move to Italy shall be permitted, after the settlement of any debts or taxes due from them in ceded territory, to take with them their movable property and transfer their funds, provided such property and funds were lawfully acquired. No export or import duties will be imposed in connection with the moving of such property. Further, they shall be permitted to sell their movable and immovable property under the same conditions as nationals of the Successor State.

The removal of property to Italy will be effected under conditions and within the limits agreed upon between the Successor State and Italy. The conditions and the

time periods of the transfer of the funds, including the proceeds of sales, shall likewise be agreed.

11. The property, rights and interests of former Italian nationals, resident in the ceded territories, who become nationals of another State under the present Treaty, existing in Italy at the coming into force of the Treaty, shall be respected by Italy in the same measure as the property, rights and interests of United Nations nationals generally.

Such persons are authorized to effect the transfer and the liquidation of their property, rights and interests under the same conditions as may be established under paragraph 10 above.

12. Companies incorporated under Italian law and having *siège social* in the ceded territory, which wish to remove *siège social* to Italy, shall likewise be dealt with under the provisions of paragraph 10 above, provided that more than fifty percent of the capital of the company is owned by persons usually resident outside the ceded territory, or by persons who opt for Italian nationality under the present Treaty and who move to Italy, and provided also that the greater part of the activity of the company is carried on outside the ceded territory.

13. Debts owed by persons in Italy to persons in the ceded territory or by persons in the ceded territory to persons in Italy shall not be affected by the cession. Italy and the Successor State undertake to facilitate the settlement of such obligations. As used in this paragraph, the term "persons" includes juridical persons.

14. The property in ceded territory of any of the United Nations and its nationals, if not already freed from Italian measures of sequestration or control and returned to its owner, shall be returned in the condition in which it now exists.

15. The Italian Government recognizes that the Brioni Agreement of 10 August 1942 is null and void. It undertakes to participate with the other signatories of the Rome Agreement of 29 March 1923^[21] in any negotiations having the purpose of introducing into its provisions the modifications necessary to ensure the equitable settlement of the annuities which it provides.

16. Italy shall return property unlawfully removed after 3 September 1943 from ceded territory to Italy. Paragraphs 2, 3, 4, 5 and 6 of Article 75 shall govern the application of this obligation except as regards property provided for elsewhere in this Annex.

17. Italy shall return to the Successor State in the shortest possible time any ships in Italian possession which were owned on 3 September 1943 by natural persons resident in ceded territory who acquire the nationality of the Successor State under the present Treaty, or by Italian juridical persons having and retaining *siège social* in ceded territory, except any ships which have been the subject of a *bona fide* sale.

18. Italy and the Successor States shall conclude agreements providing for a just and equitable apportionment of the property of any existing local authorities whose area

is divided by any frontier settlement under the present Treaty, and for a continuance to the inhabitants of necessary communal services not specifically covered in other parts of the Treaty.

Similar agreements shall be concluded for a just and equitable allocation of rolling stock and railway equipment and of dock and harbour craft and equipment as well as for any other outstanding economic matters not covered by this Annex.

19. The provisions of this Annex shall not apply to the former Italian Colonies. The economic and financial provisions to be applied therein will form part of the arrangements for the final disposal of these territories pursuant to Article 23 of the present Treaty.

ANNEX XV

SPECIAL PROVISIONS RELATING TO CERTAIN KINDS OF PROPERTY

A. INDUSTRIAL, LITERARY AND ARTISTIC PROPERTY

1. (a) A period of one year from the coming into force of the present Treaty shall be accorded to the Allied and Associated Powers and their nationals without extension fees or other penalty of any sort in order to enable them to accomplish all necessary acts for the obtaining or preserving in Italy of rights in industrial, literary and artistic property which were not capable of accomplishment owing to the existence of a state of war.

(b) Allied and Associated Powers or their nationals who had duly applied in the territory of any Allied or Associated Power for a patent or registration of a utility model not earlier than twelve months before the outbreak of the war with Italy or during the war, or for the registration of an industrial design or model or trade mark not earlier than six months before the outbreak of the war with Italy or during the war, shall be entitled within twelve months after the coming into force of the present Treaty to apply for corresponding rights in Italy, with a right of priority based upon the previous filing of the application in the territory of that Allied or Associated Power.

(c) Each of the Allied and Associated Powers and its nationals shall be accorded a period of one year from the coming into force of the present Treaty during which they may institute proceedings in Italy against those natural or juridical persons who are alleged illegally to have infringed their rights in industrial, literary or artistic property between the date of the outbreak of the war and the coming into force of the present Treaty.

2. A period from the outbreak of the war until a date eighteen months after the coming into force of the present Treaty shall be excluded in determining the time within which a patent must be worked or a design or trade mark used.
3. The period from the outbreak of the war until the coming into force of the present Treaty shall be excluded from the normal term of rights in industrial, literary and artistic property which were in force in Italy at the outbreak of the war or which are recognised or established under part A of this Annex, and belong to any of the Allied and Associated Powers or their nationals. Consequently, the normal duration of such rights shall be deemed to be automatically extended in Italy for a further term corresponding to the period so excluded.
4. The foregoing provisions concerning the rights in Italy of the Allied and Associated Powers and their nationals shall apply equally to the rights in the territories of the Allied and Associated Powers of Italy and its nationals. Nothing, however, in these provisions shall entitle Italy or its nationals to more favourable treatment in the territory of any of the Allied and Associated Powers than is accorded by such Power in like cases to other United Nations or their nationals, nor shall Italy be required thereby to accord to any of the Allied and Associated Powers or its nationals more favourable treatment than Italy or its nationals receive in the territory of such Power in regard to the matters dealt with in the foregoing provisions.
5. Third parties in the territories of any of the Allied and Associated Powers or Italy who, before the coming into force of the present Treaty, had *bona fide* acquired industrial, literary or artistic property rights conflicting with rights restored under part A of this Annex or with rights obtained with the priority provided thereunder, or had *bona fide* manufactured, published, reproduced, used or sold the subject matter of such rights, shall be permitted, without any liability for infringement, to continue to exercise such rights and to continue or to resume such manufacture, publication, reproduction, use or sale which had been *bona fide* acquired or commenced. In Italy, such permission shall take the form of a non-exclusive licence granted on terms and conditions to be mutually agreed by the parties thereto or, in default of agreement, to be fixed by the Conciliation Commission established under Article 83 of the present Treaty. In the territories of each of the Allied and Associated Powers, however, *bona fide* third parties shall receive such protection as is accorded under similar circumstances to *bona fide* third parties whose rights are in conflict with those of the nationals of other Allied and Associated Powers.
6. Nothing in part A of this Annex shall be construed to entitle Italy or its nationals to any patent or utility model rights in the territory of any of the Allied and Associated Powers with respect to inventions, relating to any article listed by name in the definition of war material contained in Annex XIII of the present Treaty, made, or upon which applications were filed, by Italy, or any of its nationals, in Italy or in the territory of any other of the Axis Powers, or in any territory occupied by the Axis

forces, during the time when such territory was under the control of the forces or authorities of the Axis Powers.

7. Italy shall likewise extend the benefits of the foregoing provisions of this Annex to United Nations, other than Allied or Associated Powers, whose diplomatic relations with Italy have been broken off during the war and which undertake to extend to Italy the benefits accorded to Italy under the said provisions.

8. Nothing in part A of this Annex shall be understood to conflict with Articles 78, 79 and 81 of the present Treaty.

B. INSURANCE

1. No obstacles, other than any applicable to insurers generally, shall be placed in the way of the resumption by insurers who are United Nations nationals of their former portfolios of business.

2. Should an insurer, who is a national of any the United Nations, wish to resume his professional activities in Italy, and should the value of the guarantee deposits or reserves required to be held as a condition of carrying on business in Italy be found to have decreased as a result of the loss or depreciation of the securities which constituted such deposits or reserves, the Italian Government undertakes to accept, for a period of eighteen months, such securities as still remain as fulfilling any legal requirements in respect of deposits and reserves.

ANNEX XVI

CONTRACTS, PRESCRIPTION AND NEGOTIABLE INSTRUMENTS

A. CONTRACTS

1. Any contract which required for its execution intercourse between any of the parties thereto having become enemies as defined in part D of this Annex, shall, subject to the exceptions set out in paragraphs 2 and 3 below, be deemed to have been dissolved as from the time when any of the parties thereto became enemies. Such dissolution, however, is without prejudice to the provisions of Article 81 of the present Treaty, nor shall it relieve any party to the contract from the obligation to repay amounts received as advances or as payments on account and in respect of which such party has not rendered performance in return.

2. Notwithstanding the provisions of paragraph 1 above, there shall be excepted from dissolution and, without prejudice to the rights contained in Article 79 of the present Treaty, there shall remain in force such parts of any contract as are severable and did not require for their execution intercourse between any of the parties thereto, having become enemies as defined in part D of this Annex. Where the provisions of any contract are not so severable, the contract shall be deemed to have been dissolved in

its entirety. The foregoing shall be subject to the application of domestic laws, orders or regulations made by any of the Allied and Associated Powers having jurisdiction over the contract or over any of the parties thereto and shall be subject to the terms of the contract.

3. Nothing in part A of this Annex shall be deemed to invalidate transactions lawfully carried out in accordance with a contract between enemies if they have been carried out with the authorization of the Government of one of the Allied and Associated Powers.

4. Notwithstanding the foregoing provisions, contracts of insurance and reinsurance shall be subject to separate agreements between the Government of the Allied or Associated Power concerned and the Government of Italy.

B. PERIODS OF PRESCRIPTION

1. All periods of prescription or limitation of right of action or of the right to take conservatory measures in respect of relations affecting persons or property, involving United Nations nationals and Italian nationals who, by reason of the state of war, were unable to take judicial action or to comply with the formalities necessary to safeguard their rights, irrespective of whether these periods commenced before or after the outbreak of war, shall be regarded as having been suspended, for the duration of the war, in Italian territory on the one hand, and on the other hand in the territory of those United Nations which grant to Italy, on a reciprocal basis, the benefit of the provisions of this paragraph. These periods shall begin to run again on the coming into force of the present Treaty. The provisions of this paragraph shall be applicable in regard to the periods fixed for the presentation of interest or dividend coupons or for the presentation for payment of securities drawn for repayment or repayable on any other ground.

2. Where, on account of failure to perform any act or to comply with any formality during the war, measures of execution have been taken in Italian territory to the prejudice of a national of one of the United Nations, the Italian Government shall restore the rights which have been detrimentally affected. If such restoration is impossible or would be inequitable, the Italian Government shall provide that the United Nations national shall be afforded such relief as may be just and equitable in the circumstances.

C. NEGOTIABLE INSTRUMENTS

1. As between enemies, no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment, or to give notice of non-acceptance or non-payment to drawers or endorsers, or to protest the instrument, nor by reason of failure to complete any formality during the war.

2. Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or

non-payment should have been given to the drawer or endorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment, or protest may be made.

3. If a person has, either before or during the war, incurred obligations under a negotiable instrument in consequence of an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of these obligations, notwithstanding the outbreak of war

D. SPECIAL PROVISIONS

1. For the purposes of this Annex, natural or juridical persons shall be regarded as enemies from the date when trading between them shall have become unlawful under laws, orders or regulations to which such persons or the contracts were subject.

2. Having regard to the legal system of the United States of America, the provisions of this Annex shall not apply as between the United States of America and Italy.

ANNEX XVII

PRIZE COURTS AND JUDGMENTS

A. PRIZE COURTS

Each of the Allied and Associated Powers reserves the right to examine, according to a procedure to be established by it, all decisions and orders of the Italian Prize Courts in cases involving ownership rights of its nationals, and to recommend to the Italian Government that revision shall be undertaken of such of those decisions or orders as may not be in conformity with international law.

The Italian Government undertakes to supply copies of all documents comprising the records of these cases, including the decisions taken and orders issued, and to accept all recommendations made as a result of the examination of the said cases, and to give effect to such recommendations.

B. JUDGMENTS

The Italian Government shall take the necessary measures to enable nationals of any of the United Nations at any time within one year from the coming into force of the present Treaty to submit to the appropriate Italian authorities for review any judgment given by an Italian court between 10 June 1940 and the coming into force of

the present Treaty in any proceeding in which the United Nations national was unable to make adequate presentation of his case either as plaintiff or defendant. The Italian Government shall provide that, where the United Nations national has suffered injury by reason of any such judgment, he shall be restored in the position in which he was before the judgment was given or shall be afforded such relief as may be just and equitable in the circumstances. The term "United Nations nationals" includes corporations or associations organised or constituted under the laws of any of the United Nations.
